

THINK! What do you like about your school?

WORLD CLASS!

A PROJECT BY LIAM MURPHY

This is a geography class in Bangladesh. It isn't a traditional **primary school** – these students are studying on a '**boat school**'. It's a great idea because transport can be a big problem here when there's a lot of rain. The boat isn't moving at the moment, but at the start and the end of the day, it goes along the river to the students' villages.

Look! What is the teacher doing? She is teaching English, but she is not at her school. Her students are staying at home and learning lessons on television. In Hồ Chí Minh City, Việt Nam, students can have such lessons on the channel of HTV Key. It is another learning way for them – **digital learning**.

Eton College is one of Britain's oldest and most expensive **private schools** and it looks like the students are wearing Britain's oldest, most expensive uniforms! Not very practical! They're walking to a lesson. This is a **boarding school** – students study, eat and sleep here.

This is my **secondary school** in Ireland. We're having a dance class and it's a lot of fun. There are a lot of traditional dances in Ireland. I'm not dancing – I'm watching the dancers. Our teachers are playing the musical instruments.
